Sir:

Assignee, Omega Patents, L.L.C., having a mailing address of 5326 Presley Place, Douglasville, GA 30135, verifies through its duly authorized representative that it is the owner of all right, title and interest in the instant United States Patent Application (hereinafter "the instant patent application") and has remained owner of all right, title and interest from the time of filing the original Assignment in parent application Ser. No. 09/993,930 filed November 16, 2001, to the present. The Assignment was recorded in the parent patent application on August 12, 2002, at Reel 013138, Frame 0919.

only for and during such period that it and the '938 Patent are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the Grantee, its successors or assigns.

In making the above disclaimer, Assignee does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. § 154 and § 173 of the prior '938 patent, as the term of said prior patent is presently shortened by any Terminal Disclaimer, in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321, has all claims cancelled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term.

For submission on behalf of Assignee, the undersigned is the attorney of record.

The Commissioner is hereby authorized to charge the fee in the amount of \$65.00 to the credit card noted in the attached credit card payment form PTO-2038. Respectfully submitted,
